

CIGRE 2001 SC 12 (TRANSFORMER) COLLOQUIUM

PART 2

KEYNOTE SPEAKERS

| | | Section. |
|-------|---|----------|
| P2_01 | Paul Boman, U.S.A Wanted: Transformer, Reliable Actor for Production with Cast of Thousands..... | 1 |
| 02 | Terry Krieg, Australia (1)New Age Asset Management - Economics and Reliability Issues for Utilities (2)Management of Transformers - Tools and Techniques for New Age Asset Management..... | 2 |
| 03 | Daniel Perez, France The RCM Principles..... | 3 |
| 04 | Jean Pierre Taisne, France Use of the RCM Method for the elaboration of a New Electrical Network HT Equipment Maintenance Policy..... | 4 |
| 05 | Derek Darbey, Ireland Reliability Centred Maintenance Pilot Study of a Tapchanger..... | 5 |
| 06 | Ed Cimini, U.S.A Case Studies on "Online Bushing and CT Monitoring"..... | 6 |
| 07 | Barry Ward, U.S.A EPRI Software Tools for Transformer Maintenance Decisions..... | 7 |
| 08 | Tony Higgins, Ireland The Difference Online Monitoring could have made..... | 8 |
| 09 | Brian Stirk, United Kingdom Ageing of the System – Impact on Planning..... | 9 |
| 10 | Jean Pierre Patelli, France Differences between Economics of Transformers and Generator Management..... | 10 |
| 11 | Reinhart Baehr, Germany Quality Assurance of Power Transformers..... | 11 |

PART 3

ECONOMICS & RELIABILITY PAPERS

| | | Section. |
|-------|--|----------|
| P3-01 | Kjetil Ryen & Lars Lundgaard, Norway A Novel Method for Assessing the Economic Risk in Managing Power Transformers in Norway..... | 1 |
| 02 | Tom S. Molinski, Canada Minimising the Life Cycle Cost of Power Transformers & Powerpoint Presentation..... | 2 |
| 03 | Stefan Tenbolen, Germany Cost Reduction by Tailor-Made Refurbishment..... | 3 |
| 04 | Adolf Kachler, Germany Unique Transformer Failure Statistics An Important Contribution to Economics of Transformer Management & Powerpoint Presentation..... | 4 |
| 05 | Brekenbridge, Harrision, Lapworth, McKenzie & White, United Kingdom Economic Issues concerning Loss Capitalisation and Monitoring..... | 5 |
| 06 | Jean Pierre Patelli, France Selected Strategy for the Maintenance of Electricite De France's Hydro Generation "Assets" in the field of Transformers..... | 6 |
| 07 | P. Stuchl, M. Vale ka, I. Dole el, J. Novák Brian Stirk, Czech Republic Economy of Transformer before its Birth..... | 7 |
| 08 | Lino Bergonzi & Oscar Monzani, Italy Economical evaluation of the option repair/refurbishment versus purchase of new transformers. A few cases in Italy..... | 8 |
| 09 | Peter Austin, Australia Transformer Economic Issues in Australia & New Zealand..... | 9 |
| 10 | Claes Bengtsson & Jan-Olov Persson & Mårten Svenson, Sweden Replacement- and refurbishment strategies for transformer populations..... | 10 |

PART 3

ECONOMICS & RELIABILITY PAPERS

| | Section. |
|---|-----------------|
| P3-11 Leos Valenta, Tomas Ucik, Czech Republic Czech Contribution to the Reliability Problem of Power Transformers..... | 11 |
| 12 Roy Mitton, Canada Value of Reliability in Planning for Transformer Adequacy..... | 12 |
| 13 Mario Scala, Austria Moisture Model For Transformer Online Monitoring..... | 13 |
| 14 Noboru Hosokawa & Elichi Tamacki, Japan Diagnosis of life expectancy for oil-immersed transformer..... | 14 |
| 15 Malcolm Thaden, USA Economics of Transformer Management observations of trends influencing USA Utilities..... | 15 |
| 16 Meleshko Synsunenko, Ukraine Experience of Improving Reliability of Large Power Transformers..... | 16 |
| 17 Al-Jamea, Bahrain Transformer Maintenance Cost Reduction Opportunity..... | 17 |
| 18 Gustav Csepes, Hungary Experience with factory and on-site refurbishment of power transformers in Hungarian grid with special consideration of life extension of transformer insulation..... | 18 |
| 19 <i>Brian J. Sparling, Canada</i> <i>IEEE Guide for "Application</i> <i>of ON-Line Monitoring on Liquid-Immersed</i> <i>Types, Draft 7, Abstract.</i> | <i>19</i> |
